

COVER FOR MEDICAL INSTITUTIONS

At Frontier we are always on the forefront of new innovations as we strive to broaden our product offering to market segments where we identify the need for something new. Our research shows that, although medical professionals can enjoy piece of mind when they join the Frontier family, the same cannot be said for the institutions as they are extremely limited with the current product offerings in the South African market.

We, at Frontier, are pleased to bring to your attention the fact that we offer tailor-made cover solutions for institutions such as hospitals, clinics, day clinics, etc.

We are excited to transfer and share our stellar track record within the medical practitioners' space to the medical institutions of South Africa. We are excited to assist our institutions in within South Africa in obtaining robust cover backed by Lloyds underwriters as well as real assistance with regards to risk management, legal and staying up to date with changes in South African courts just to name a few.
